

Optional Radiation Safety Inspection Customer Service Survey

Please feel free to complete this optional Radiation Safety inspection survey. It is pre-addressed - simply fold over, staple and mail. If additional space is needed, please continue your comments on an additional piece of paper, or you may email us at radsafety@wustl.edu. Thank you for your assistance as we strive to provide and maintain exemplary customer service.

1. If your inspector has identified areas that you could improve upon, did he/she explain why this improvement is necessary or assist you in finding ways to make the improvement(s)? Explain

2. Does your laboratory inspector behave in a professional manner when in your lab? Explain

3. Does your lab inspector spend an appropriate amount of time in the lab(s) during inspections? Explain

4. Are you satisfied in the quality of your inspection/inspector? Do you feel comfortable that regulatory agencies would find your lab safety program in compliance? Explain

5. How comfortable are you discussing issues with your Radiation Safety inspector or other Rad Safety staff?

6. Are you comfortable in how you are notified of any changes to pertinent regulations, policies or license conditions? Explain

7. How can we improve our inspections? Or, provide any other feedback you'd like to share

Inspector's Name (optional): _____ Authorized User Name (optional): _____

Your Name (optional): _____ Department (optional): _____
