In accordance with the NRC's regulations in 10CFR20.1208, "Dose to an Embryo/Fetus," I am declaring that I am pregnant. I believe I became pregnant on the date indicated below:

Approximate date of conception

I understand that the radiation dose equivalent due to occupational exposure to my embryo/fetus during my entire pregnancy will not be allowed to exceed 0.5 rem (5 millisievert) *{unless the dose has already been exceeded between the time of conception and submitting this letter}*. I also understand that meeting the lower dose limit may require a change in job responsibilities during my pregnancy.
